

# St. Jude Catholic School

Live for Christ, Learn for Life

St Jude Parish, founded in 1948, is part of the Diocese of Ft.Wayne/South Bend. St. Jude School has been serving the children of South Bend Indiana since 1956. We currently serve children from Pre Kindergarten through Grade Eight.

Each member of our Saint Jude Community shares a common mission to help our students each day live for Christ, learn for life.

We admit all backgrounds and strive to meet the needs of students with disabilities

We participate in the Indiana School Choice.

St. Jude students participate in monthly service projects, attend Mass twice a week, and receive Sacraments as part of regular school life. Each month we study a new St. Jude Way and learn about an exemplar of our faith. These monthly virtues help our students recognize the dignity of each person and more fully live their faith.

### Academic Support

We have a robust Resource Department for students needing additional support as well as Title One tutoring. Minds In Motion, a unique, movement-based program that focuses on improving a child's cognitive functioning through movements, is offered three times a week to

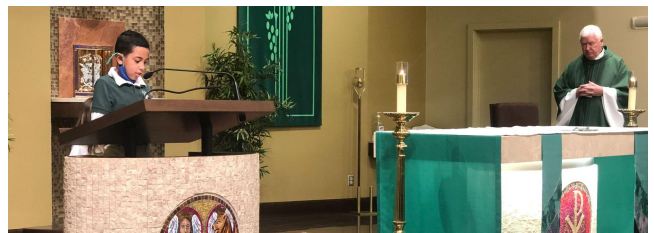

students in grades Pre-Kindergarten through Grade Four. St. Jude also offers an enrichment program dedicated to providing targeted support for those students who need greater challenges.

### Extracurricular Opportunities

St. Jude school offers a wide variety of extracurricular programs that provide further enrichment for our students and allow them to expand their learning beyond the traditional classroom setting.

Our athletics teams compete in the Inter-City Catholic League (ICCL). Sports offerings include soccer, football, basketball, volleyball, baseball, softball, track, tennis, and cheerleading. We also have an award winning Forensic (Speech) Team, Scouting, Quiz Bowl, Learning Garden and Girls on the Run. Fine Arts opportunities include band, children's liturgical choir, and the spring musical. Classroom and school wide service projects, altar serving and extracurricular activities help our St. Jude students grow in their faith.

## Accreditation

St. Jude School is a part of the National Catholic Educational Association as well as the Indiana Non-public Education Association. Our Pre Kindergarten program is accredited through Cognia.

## Technology

Our students participate in technology class each week in our state of the art computer lab. They learn basic coding, computer literacy, and digital citizenship skills through their work in this class. In classrooms students benefit from the utilization of iPads, Laptops and SMART boards. Students in the middle school grades are offered specialized technology units of study through our middle school elective program.
